REVISION

POLICY: G81-65

The RECREATION INFO, TUNE RADIO TO sign (G81-65) may be used on local rural highways to inform travelers about a State or Federal park and recreational facility within the broadcast limits. The sign shall be free of extraneous messages or logos and must stand-alone with no external lights or flashing beacons. No more than three frequencies shall be shown on each sign. Only radio stations whose signal will be of value to the road user and who agree to broadcast in accordance with the items below shall be identified on the Recreation Information signs:

- A. Provides information about State or Federal recreational facilities located in the rural area.
- B. Message content is devoted to public highway purposes.
- C. Broadcasts operate 24 hours a day and 7 days per week.
- D. Broadcasts contain no commercial messages.

For installations on State highways, the signs shall be installed by permit through the Caltrans Encroachment Permit Process. The costs, conditions of operation and specific message content shall be clearly specified in the encroachment permit and are subject to the following terms and conditions:

- A. The permittee is the State or Federal agency that owns and/or operates the recreational facility.
- B. The permittee possesses a valid FCC license to operate the radio station as a traveler information station.
- C. The permittee is responsible for the accuracy of the message and message content.
- D. The permittee bears all cost including, but not limited to, FCC approval and licensing, fabrication and installation of signs, and the installation, operation and maintenance of appurtenant radio equipment and facilities.
